September 1, 2022 to
December 31, 2023

GRANT AMOUNT:

\$205,000
expended

GRANT GOALS:

- Provide a vet care fund for shelter animals
- Purchase pet tag engraving machines and collars/leashes
- Establish a vet care fund for owned pets

GRANT OUTCOMES

525

Dogs received advanced veterinary care

163

Cats received advanced veterinary care

12

Pet tag engraving machines were purchased and distributed to partner shelters

1,500

Leashes and collars were purchased to support a countywide responsible pet ownership campaign

1

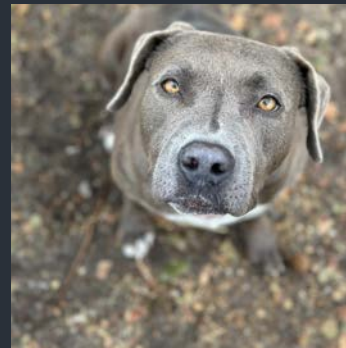

New partnership was formed to prevent owned and ill pets from ending up in a shelter

Aleina was hit by a car and treated at the ER. She required a Femoral Head Ostectomy (FHO) surgery and was adopted out to a Rescue Group after her recovery.

Trinket was brought to the shelter as a stray with a right rear leg femoral head fracture, and other wounds. She had her leg amputated and was successfully adopted.

Georgina was picked up as a field stray and taken to the ER where she was diagnosed with a luxated hip. She had an FHO surgery and was successfully placed in a new adoptive home after recovery.

Panther arrived with a severely fractured leg, had it amputated and was successfully adopted to a loving home.

ACKNOWLEDGEMENT

The Vet Care Grant Fund for shelter animals has been instrumental in improving the well-being of animals. Through UC Davis Koret Shelter Medicine California For All Animals grant, we've been able to provide essential veterinary care, including surgeries and non-routine/advanced medical care to 525 dogs and 163 cats for a total of 688 animals helped. The positive impact of this grant is reflected in both improved health outcomes and overall quality of life for each of these animals. The success of this grant is a testament to the positive change that can occur when passionate individuals and organizations come together for a shared cause.
